RE: Employment Equity

The participating Education Entities and the participating Locals of the Nova Scotia School Board Council of Unions recognize the diverse communities served by the participating Education Entities. The composition of the workforce should reflect the diversity of the communities. To that end, the parties agree as follows:

- a) The Education Entities will develop an Employment Equity Program which ensures that employment barriers and systematic discriminatory practices are identified, and strategies developed and implemented to achieve a fair and reasonable representation of diverse applicants. The Education Entities will consult with its CUPE representatives in the development of this Employment Equity Program.
- b) Diverse applicants, for the purpose of this Letter of Understanding, is defined to include African Nova Scotians or persons of African descent, members of other racially visible groups, Mi'kmaq/Indigenous peoples, persons with disabilities, women in non-traditional roles, and persons belonging to sexual orientation, gender expression and/or gender identity minority groups.

The Parties agree:

1. Timelines and goals will be developed for the implementation of the Program.
2. An education and training program will be developed for implementation of the Program and to foster advancement of all interested employees.

The typical stages in the implementation of an Employment Equity Program will include:

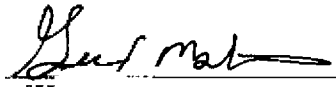

1. Agreement of the Employer and Bargaining Unit to conduct a self-identification survey.
2. The employer will be responsible for the maintenance of the self-identification data.
3. Reporting of the statistical results of the self-identification survey.
4. Analysis of the results of the self-identification survey to compare the number of identified people in the bargaining unit with the identified people within the boundaries of the applicable RCE or CSAP.
5. Development of goals and timelines to eliminate the discrepancies in representation of identified peoples between the bargaining unit and the general population.
6. Joint education and training for all employees with respect to the implementation of the Employment Equity Program.

Process for Diverse Hires

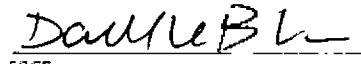

- i. Notwithstanding any specific clauses contained in the Local Collective Agreement, an Education Entity may, in the job selection process for any position (permanent, part-time, etc.), give preference to a diverse applicant provided the applicant has the skills, qualifications, experience.

- ii. A participating Education Entity can only use the preference during the hiring process of up to one (1) position per twenty-five (25) job postings to a maximum of five (5) in a calendar year with the minimum of two (2) being allowed in a calendar year. The participating Education Entity must notify the Union prior to filling an equity position and the Union may request the reasons for such preference. The posting of the position as an equity position means that external candidates can apply at the same time as internal candidates and the preference can be used to hire an external candidate. Additional applicants may be granted preference with the consent of the Union.
- iii. Both the Employer and the Union agree these positions will be designated when a regular vacancy occurs. A diverse internal employee shall be awarded a designated position prior to an external candidate. If an internal employee is awarded an equity position and filled by a candidate external to the education entity.
